

activTek PureCloud

The activTek PureCloud is the perfect solution for homeowners and businesses who want to reduce and eliminate harmful pathogens.

DESCRIPTION

- ActivePure® Certified Space Technology in a 2'x2' drop-in unit that mounts in place of a ceiling tile
- Removes air pollution, surface contaminants, pet dander, odors, and dust
- Installed by a professional electrician into the ceiling
- Cleans up to 2,000 sq. ft.

BENEFITS

- ActivePure® Certified Space Technology destroys up to 99% of all surface and airborne contaminants
- Whisper-silent operation cleans 24/7
- Significantly reduces dust, pet dander and odors in the home
- Purifies air and reduces particles that can irritate allergies and asthma without the use of ozone
- Removes VOCs (Volatile Organic Compounds)

THE TECHNOLOGY

Our proprietary ActivePure® Certified Space Technology uses light waves and a catalytic process to produce scrubber ions that remove dust particles from the air.

Our Certified Space Technology continuously protects and purifies the air, and attacks contaminants on all surfaces, proven effective in University studies on various contaminants in the air and on surfaces.

*Scientific tests have demonstrated the use of ActivePure Technology to substantially reduce microbial populations on surfaces. To review the statistics go to www.activtek.net/content/whyactivtek.aspx

Our products are not medical devices and are not intended to diagnose, treat, or cure any disease. We make no claims and no claims should be inferred as to the efficacy of our products to sanitize, disinfect, or kill germs or other antimicrobials.

APPLICATIONS

- Offices
- Residential homes
- Nursing homes

SPECIFICATIONS

activTek PureCloud	
electrical	110-120V 60Hz .75A / 220-240V 50Hz .3A
mechanical	100CFM (fan) 12.83 m3/min
weight	12 lbs (5.44 kg)
dimensions	24" x 24" x 5" (60.96 cm x 60.96 cm x 12.7 cm)
coverage	Up to 2,000 sq. ft.

INSTALLATION

⚠ WARNING

TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS, OBSERVE THE FOLLOWING:

- Installation work and electrical wiring must be done by qualified person(s) in accordance with all applicable codes and standards, including fire-rated construction.
- When cutting or drilling into wall or ceiling, do not damage electrical wiring and other hidden utilities.

The PureCloud is designed to be mounted in place of a standard 2' x 2' ceiling tile. **Installation is only to be performed by a qualified electrician.**

- The PureCloud must not be installed in a ceiling thermally insulated to a value greater than R40.
- The PureCloud is not a cook surface ventilator. Do not install above or adjacent to a cooking surface. Grease from a cooking surface may cause damage to the PureCloud.

1. Connect power cable to appropriate electrical power source according to local or national codes.
2. A power switch turns the unit on and off. Turn power switch on for operation.
